

Women & Money Roundtable Series

Come and be a part of the discussion, facilitated by a representative from Merrill Lynch.

Friday, January 27 from 10-11am

Behavioral Finance

When it comes to the financial and real estate markets, people aren't always as rational as you would think. Behavioral finance experts have been studying the not-so-smart decisions people make. We will reveal the fears, misperceptions, and emotional needs people have that sabotage their investment and home sale returns. We'll show you how to avoid the mistakes and make decisions like the pros.

Friday, February 3 from 10-11am

Children & Money

We'll discuss the secrets to raising financially responsible children (ages 3-30). Topics will include: the pros and cons of an allowance and the appropriate allowance amount; managing spenders vs. savers; giving children the wings to make their own financial decisions; and giving children credit cards.

Friday, February 10 from 10-11am

The Keys to Building Your Investment

Portfolio

Building and managing a portfolio involves understanding and managing risk. We will share the secrets of portfolio construction and discuss asset allocation, investment styles, diversification, and risk. Most importantly, we will show you how to put it all together to create a custom blueprint that meets your goals and tames your fears.

Registration is required for each session.
